

2005 Summer Fellowship: Call for Participation

Dear all,

Recently, the board has had a discussion about summer trip and lectures in China. I am asked to take the charge. Here it is. I have contacted with a friend in Yunnan, and received positive responses. I am also contacting with Guangxi Normal and East China Normal now. Therefore, our potential hosting universities are:

1. Yunnan University of Agriculture
2. Yunnan University
3. Guangxi Normal
4. East China Normal
5. Other

Our tentative dates are from May 18 to June 1st, 2005. It is possible that one person can participate in 2-3 lectures if the schedules do not conflict.

As was the practice in the past summers, the hosts in these universities will take care of all the local accommodations (lodging and food), transportation, and sightseeing.

If you are interested in giving lectures this summer, please let me have, by March 15, 2005, your resume (one page, English and Chinese if possible), 2-3 lecture topics (in both English and Chinese, if possible).

We will then present your information to the hosts for them to make their final choices. You will be notified and confirmed the topic before the end of March.

Here is my Email: rouyang@kennesaw.edu; Phone numbers: (770) 423-6626 (O), (770) 428-9192 (H)

Look forward to working with you.

Ouyang, Ronghua
Kennesaw State University
